

# Junior Spica

ELE400158

Item no. ELE400158-3517E	
<b>General Product Information</b>	
Dimensions LxWxH	40x40x103 cm
Age group	2 - 5
Play capacity (users)	1
Colour options	

The gently rotating movement of the Junior Spica immediately attracts toddlers! The low seat invites both seated and standing use of the Junior Spica, thus supporting different body positions in use. This makes it a versatile piece, which can be used alone or with a friend, seated or standing, pushing or pulling. This makes the Junior Spica a playground

favorite again and again. When two or three are placed together, the Junior Spicas motivate social play, including between children who want to avoid too much physical contact. The toddler age is when children gain the ability to form friendships, and the Junior Spica supports shared experiences in play. The rotation trains the child's sense of balance and space, which

is crucial for body awareness and the control of body movements. This is fundamental to navigating the world confidently.

ELE400158

The Spica bearings are installed in a one-piece design bearing house with integrated drain holes for water passage. The two large steel bearings are fully closed and lifetime lubricated.

Discs are made of highly durable, eco-friendly HDPE, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

The steel surfaces are hot-dip galvanized inside and outside with lead-free zinc. The galvanization has excellent corrosion resistance in outside environments and requires minimal maintenance.

The top handle has been designed in shape and diameter so as to fit optimally for kids, and the special thermoplastic polyurethane (TPU) rubber surface makes it nice to touch.

KOMPAN GreenLine versions are designed with the most environmentally friendly materials with the lowest possible CO2e emission factor such as EcoCore™ panels of 100% post-consumer recycled ocean waste.

Item no. ELE400158-3517E

### Installation Information

Max. fall height	19 cm
Safety surfacing area	12,9 m <sup>2</sup>
Total installation time	1,6
Excavation volume	0,30 m <sup>3</sup>
Concrete volume	0,21 m <sup>3</sup>
Footing depth (standard)	70 cm
Shipment weight	33 kg
Anchoring options	In-ground ✓ Surface ✓

### Warranty Information

Hot dip galvanized steel	Lifetime
Handle	10 years
EcoCore HDPE	Lifetime
Bearing construction	5 years
Spare parts guaranteed	10 years

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
ELE400158-3517E	67,10	2,28	43,90
ELE400158-3517DT	66,00	2,24	45,30

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Validation of CO<sub>2</sub> calculation of: Freestanding play equipment

Data version no. 2021-09-27

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Freestanding play equipment" represented by item no.: GXY916012-3417.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
