

Elephant

MSC5420

Item no. MSC542000-3417P	
General Product Information	
Dimensions LxWxH	188x75x140 cm
Age group	6m - 4
Play capacity (users)	4
Colour options	

WOW! The Elephant is an iconic playground attraction that invites play and inspires stories. The Elephant is a fun destination that toddlers return to again and again to investigate the playful manipulative items and create new stories: the banana, apples, and pears go from the mouth to the stomach. The Mouse and Elephant story is thrilling to little people.

Storytelling and imagination are important for language development and thinking skills. The tactile variation, with rubber ear and smooth fabric tail adds to the tactile stimulation. The space under the Elephant's tummy and trunk is great for climbing through, training cross-coordination. The holes facilitate peek-a-boo games, too. Peek-a-boo develops the small

child's understanding of object permanence: that people and items still exist even if they are out of sight for a while.

Elephant

MSC5420

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

The steel support posts are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outside environments and requires low maintenance.

Corocord membranes consist of friction-proof rubberized material of conveyor belt quality with excellent UV resistance. Tested and compliant with REACH requirements for PAH. Embedded is a four-layered armoring made of woven polyester. The armoring and the two surface layers result in a total thickness of 7.5 mm.

Tail is made of soft and bendable woven bands. Base material of straps is PP which has good wearing and impact resistance.

Item no. MSC542000-3417P	
Installation Information	
Max. fall height	0 cm
Safety surfacing area	0,0 m ²
Total installation time	4,2
Excavation volume	0,13 m ³
Concrete volume	0,00 m ³
Footing depth (standard)	60 cm
Shipment weight	55 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Movable parts	2 years
Hot dip galvanized steel	Lifetime
Membrane	2 years
Spare parts guaranteed	10 years

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Validation of CO₂ calculation of: Themed play systems

Data version no. 2021-09-27

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 15. October 2021 | Valid until: 15. October 2023

Validated by:

Bente Hviid, Senior Consultant

Peter Bendtsen, Senior Consultant

Validation based on report: Validation of CO₂ calculation of 8 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Bente Hviid and Peter Bendtsen.

Publication date: 15. October 2021
