

Crawling Pyramid

NRO826

Item no. NRO826-0801	
General Product Information	
Dimensions LxWxH	399x405x149 cm
Age group	
Play capacity (users)	6
Colour options	

The Crawling Pyramid is a hit with children. The randomly placed beams are a magnet for adventurous players, eager to climb and explore the unit. The inclined and horizontal beams invite a number of classic playground games, all centered around balancing such as The Ground is Lava or tag. With its inclined layout, the Crawling Pyramid constantly

challenges the sense of balance in children which is fundamental for all other senses. It strengthens the ability to run, to sit still, concentrate and learn, but it also gives children the confidence that they can manage the world and adjust, particularly when they are at the edge of losing balance. The many horizontal beams of the Crawling Pyramid invite a break

for socializing, an important part of developing social-emotional skills and forming friendships.

Crawling Pyramid

NRO826

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The Robinia wood can be supplied as untreated raw wood or painted with a brown colored transparent pigment that maintains the golden wood color of the wood.

Item no. NRO826-0801

Installation Information

Max. fall height	70 cm
Safety surfacing area	50,0 m ²
Total installation time	8,7
Excavation volume	0,79 m ³
Concrete volume	0,02 m ³
Footing depth (standard)	82 cm
Shipment weight	488 kg
Anchoring options	In-ground ✓

Warranty Information

Robinia Wood	15 years
Spare parts guaranteed	10 years

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Validation of CO₂ calculation of: Nature play

Data version no. 2021-09-27

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621. (Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 15. October 2021 | Valid until: 15. October 2023

Validated by:

Bente Hviid, Senior Consultant

Peter Bendtsen, Senior Consultant

Validation based on report: Validation of CO₂ calculation of 8 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Bente Hviid and Peter Bendtsen.
